

To whom it may concern

BK Giulini

2nd December 2008

**REACH Regulation 1907/2006/EC
Compliance Certificate
of
BK Giulini GmbH**

**Pre-registration done, Communication started, Product Availability confirmed,
SVHC free, MSDS Compliance,**

Dear Madam, dear Sir!

Yesterday the official period for Pre-registration according to REACH regulation ended. We hereby declare, that **BK Giulini GmbH had already successfully pre-registered all relevant substances of all our products.** Additional communication with our suppliers confirmed this also for our raw materials.

We operate according to REACH regulation. Herein is not provided, that any supplier has to prove his activities in pre-registration. **Therefore we do not communicate any "submission-report-numbers" (XY123456-78) or direct "pre-registration-numbers" (05-1234567890-12-0000).**

The list of all Pre-registered Substances will be published by the authority ECHA in the internet in January 2009

We are well aware and acting on all obligations due to REACH regulation and can therefore confirm to be in

REACH Compliance for all of our products.

We started the Communication within SIEFs and the formation of consortia for various substances. Further steps for registration follow according to REACH.

Again we can confirm, that no product will be deleted due to REACH and product availability remains unchanged.

We declare that all our products do not contain any substances listed on ECHA's actual Candidate list of Substances of Very High Concern (SVHC). SVHC-substances are not intentionally added to any of our products.

Furtheron our Material Safety Data Sheets (MSDS) reviewed in June 2007 and later are in compliance with REACH Article 31.

Hope serving you by sending this information.

With best regards
BK Giulini GmbH

Dr. Roland Gitzing
Head of Product Safety & Regulatory Affairs
REACH Coordinator
